## HAPPY SPRING!

When I took my morning walk today, I heard the sweet chirping of birds and smelled the fresh aroma of new growth. Spring is officially here! As beautiful as the snow was this year, I think all of us are ready to see the green and pink of spring, start our gardens, and prepare for fishing! With the weather changing, it's hard not to notice how the world is changing as well. In these uncertain times of the continuing pandemic, rising prices, and conflict over seas, I am so humbled to see how our community is pulling together. Without your continued support, we would not be able to help our neighbors. Thank you for all you do!

As time springs forward, we're springing into action here at the food bank, preparing for all our spring and summer events. It has been challenging to continue navigating the supply chain problems, pandemic, and rising prices, but we are so thankful for our community and fellow nonprofit organizations who have partnered with us in this time.

Each day, we work hard to feed our neighbors on the Kenai Peninsula, and look forward to seeing the smiles on their faces and hope in their eyes for better days ahead. Please know that your support is indispensable to our mission, and the food bank staff, board, and volunteers never take this amazing community for granted. Your continued support, partnership, and encouragement in caring for our neighbors is an incredible gift that makes living on the Kenai Peninsula the best place on earth. Thank you!
